

# MULBRING PUBLIC SCHOOL

## NEWSLETTER

*“Be Safe, Be Responsible, Be Respectful and Always Try Your Best”*

### **Swimming today and Nov 2**

We are fortunate to have swimming lessons, free of charge, using funds from Premiers Sporting Grant and Australian Sports in Schools funds. Our last swimming lesson is Friday 2nd November (a double lesson). No lunch orders this week.

### ***Tour de Cure—Monday 29th October***

Tour de Cure will be cycling through and visiting our school on Monday 29th October (after school photos approx. 12.00 p.m). One of the major parts of the work is to highlight their program Be Fit—Be Healthy—Be Happy—designed for primary school students. We are requesting a gold coin donation to be given to the Tour de Cure riders to help towards their cause. We would love to be able to make a wheel out of gold coins, for their arrival. So remember, send in a couple of gold coins.

### ***School Photos—Monday 29th October***

School Photos are on Monday. Please remember full school uniform, no coloured tights, coloured shorts, coloured jumpers etc. and preferably black school shoes.

Sibling photo envelopes are available at the school office (for siblings from our school).

Please ensure correct money in the photo envelopes, we don’t open these envelopes, so no change can be given.

### ***Total Excursion—Weds 14th Nov***

K/1/2 are excited to be going on an excursion to Tocal Homestead. The cost of the excursion is \$20. This can be paid by cash, eftpos or online via the school website.

### ***Centenary of Armistice Day—Friday 26th Oct***

Miss Lennard, our school captain and the student leaders represented our school at the Centenary of Armistice Day March at Kurri Kurri today.

10% of sales during  
this time period!

**Contact:** DONT FORGET TO LET THEM KNOW YOU ARE  
SUPPORTING MULBRING SCHOOL

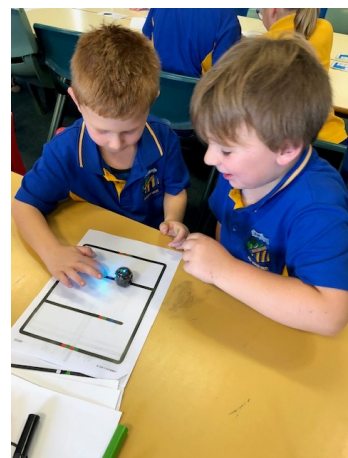

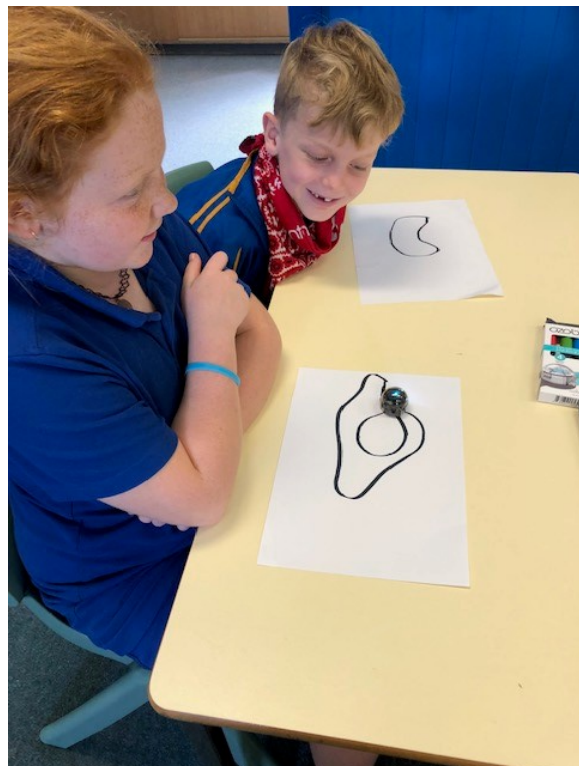

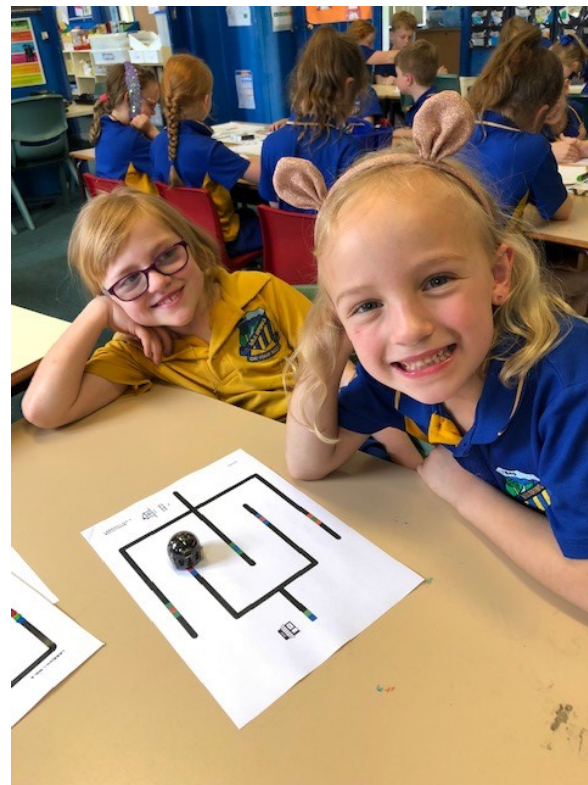

Ozobots found their way into our K/1/2 classroom.

We were able to borrow (via the Department of Education) a Robotics Kit for our STEM work.

K/1/2 were investigating, problem solving and coding during Science lessons with small robots called Ozobots.

Looks like they were having a great time.

3/4/5/6 had the opportunity recently to build EV3 robots using the robotic STEM (Science Technology Engineering Maths) kits.
